

Alternatives For Children

The birth of a child is meant to be a time filled with anticipation, joy and excitement. While we all hope this journey takes us down a straight and narrow path, unfortunately, sometimes there are bumps in the road, or the road takes an unexpected turn. Having a place families can turn to when everything else seems to be falling apart helps make the journey less difficult. For the past twenty-five years, Alternatives for Children has been a stop on the journey for over 10,000 children from across both Suffolk and Nassau Counties.

Our Mission

To provide the highest quality special and regular education programs and services to children with disabilities and typically developing peers. Education, medical, pediatric rehabilitation, and support services are integrated to ensure the comprehensive needs of the child and family are met.
