

Alternatives For Children

The birth of a child is meant to be a time filled with anticipation, joy and excitement. While we all hope this journey takes us down a straight and narrow path, unfortunately, sometimes there are bumps in the road, or the road takes an unexpected turn. Having a place families can turn to when everything else seems to be falling apart helps make the journey less difficult. For the past twenty-six years, Alternatives for Children has been that place, a stop on the journey for over 15,000 children and their families from across both Suffolk and Nassau Counties.

Our Mission

To provide the highest quality special and regular education programs and services to children with disabilities and their typically developing peers. Education, medical, pediatric rehabilitation, and support services are integrated to ensure the comprehensive needs of the child and the family are met.

We believe our success is attributable to the fact that individuals, businesses and organizations alike, have found a common bond in our mission and gain satisfaction in knowing that they are playing a vital role in making a positive difference in the lives of children with special needs and disabilities and their families.
