

iTeach - Teaching Through Technology
TOTAL COST \$29,555.00

Educational Technology Wish List
ASSISTIVE TECHNOLOGY EQUIPMENT

ALTERNATIVE & AUGMENTATIVE COMMUNICATION EQUIPMENT

iPad 2

\$500 each

Need - 8 to cover all four locations

Many of our children are now extremely proficient in the use of the iPad. All the applications, or should we say “apps”, loaded on the iPad have been chosen to meet our curriculum themes. All software applications place a strong emphasis on pre-reading early literacy skills, pre-writing skills, early computational skills and phonological awareness skills.

iTunes Gift Card

\$ any denomination Need - as many as possible

Would allow our Educational Technology specialists purchasing power for appropriate iPad 2 applications at the Apple Store. iPad apps are expanding the learning experience inside the classroom. From interactive lessons to study aids to productivity tools, there’s something for everyone

Mini-Arm for iPad 2

\$149.00 each

Need - 4 to cover all four locations

iPad Mini-Arm works perfectly for situations where 3 to 13 inches of reach is needed. Very positionable, but very secure. The Super-Clamp, at the bottom of the Mini-Arm, clamps to just about anything - wheelchair tube, table, or desk.

iPad 2 Stereo Docking Station

\$79.00 each

Need - 4 to cover all four locations

The iPad 2 stereo docking station conveniently provides outstanding sound clarity and resonance.

SMART Board

\$3,500

Need - 4 to cover all four locations

With a large, touch-enabled surface, the SMART Board makes it easy to deliver dynamic lessons. Teachers can present material using large, vibrant images. Students can physically interact with the lessons by moving letters, numbers, words and pictures with their fingers. In these and other ways, the SMART Board interactive whiteboard meets the needs of both visual and kinesthetic learners, and improving accessibility for students with special needs by enabling them to see, read and manipulate information more easily.

Dynavox Maestro**\$8,000****Need - Please allow us to dream!**

The DynaVox Maestro gives individuals with speech and language disabilities the confidence to make their voices heard in every situation by putting the focus on communication, not the method by which that communication is achieved. Sleek, stylish design combines with powerful communication tools and cutting-edge technology to empower successful and efficient day-to-day communication.

**Talking Photo Album****\$29.00 each****Need - 32 so that each classroom would have one**

Easy-to-use speech output album that holds standard 4" x 6" photos. The Talking Photo Album includes a total of 24 pages, each with an individual message capacity of 10 seconds. Insert photos or picture/text cards into the transparent sleeves and record corresponding messages. User squeezes Play button to activate speech. Great for talking stories, communication books, step-by-step instructions.

**Time Tracker****\$39.99 each****Need - 32 so that each classroom would have one**

Keep students on track with programmable electronic timer. Set green, red and yellow lighted sections and six sounds to indicate time remaining. Visual timer to reinforce time management and aid in transitions.

Trackball Mouse**\$87.00 each****Need - 5 to cover all four locations**

It functions as your regular mouse device and is much easier for little hands and those children with fine motor deficits.
